Contents of Volume 14

Number 1

Scientific and Clinical Papers

Fever in burned children
C. Childs 1

Impaired cell-mediated immunity in the first week after burn injury: investigation of spontaneous blastogenic transformation, PHA, IL-2 response and plasma suppressive activity
G. Zoch, G. Hamilton, T. Rath, G. Meissl, R. Kneidl, E. Roth and J. Funovics 7

Modulation of leucocyte activation in the early phase of the rabbit burn injury
P. Lavaud, J. Mathieu, P. Bienvenu, M. Braquet, P. Gerasimo, J. F. Kergonou and R. Ducousso 15

A study of childhood scalds *C. Bradshaw, J. Hawkins, M. Leach, J. Robins, K. Vallance and K. Verboom* 21

Changes in the pattern of microsomal fatty acids in rat liver after thermal injury and therapeutic intervention
K. H. Schmidt, U. Müller and W. Hörer 25

The influence of parental visiting on survival and recovery of extensively burned children *R. C. Benians* 31

Tracheoesophageal fistula secondary to muriatic acid ingestion
S. C. Pense, W. J. Wood, T. K. Stempel, F. L. Zwemer and T. L. Wachtel 35

A psychological follow-up study of adult patients discharged from a British burn unit
L. M. Wallace and J. Lees 39

Complexities of family grief in a burns unit: some social work dilemmas *B. Taylor* 46

Case Reports

Paraplegia in an electrical burn: a case report *S. Kanitkar and A. H. N. Roberts* 49

Cold panniculitis in children (Haxthausen's disease) *A. M. Baruchin and S. Scharf* 51

Diagnostic and therapeutic possibilities for fibreoptic bronchoscopy in inhalation injury
W. Schneider, A. Berger, P. Mailander and A. Temmpka 53

Burn Care in Practice

The Frenchay burns chart *N. S. G. Mercer, R. Janans Price, S. Maude, R. W. Hiles and R. W. Pigott* 58

Sunburn in children in the West of Scotland *R. F. McKee, P. A. M. Raine and A. F. Azmy* 60

Plasticized polyvinyl chloride film as a primary burns dressing: a microbiological study
R. H. Milner, S. J. Hudson and C. A. Reid 62

Moisture-vapour-permeable film as an outpatient burn dressing *C. Waffle, R. R. Simon and C. Joslin* 66

Surfasoft, a new graft dresing *K. W. Cullen, A. J. Timperley, A. Eldad and J. A. Clarke* 71

Recent References 77

Abstracts 81

Contents of INJURY 83

Contents of The Journal of BURN CARE AND REHABILITATION 84

Number 2

Scientific and Clinical Papers

Changes in the population of active rosette-forming cells. A sensitive index for mortality among thermal injury patients *H. Singh, D. N. Herndon and M. D. Stein* 85

Comparison of standard and chlorhexidine-derivative topical antibacterial agents on the infected burned rat wound *C. F. T. Snelling, F. J. Roberts, E. Germann, K. Gillespie, S. Coderre and D. Henry* 91

Haematopoietic progenitor cells in an infant who developed pancytopenia following an extensive burn
R. D. Christensen, S. Leckman, J. R. Saffle and G. Rothstein 101

A study of renal damage in seriously burned patients *M. Schiavon, D. Di Landro, M. Baldo, G. De Silvestro and A. Chiarelli* 107

Invited comment on acute renal failure in burned patients *D. J. Hauben* 113

Morphological changes of intermingled skin transplants on rats *D. Kistler, B. Hafemann and R. Hettich* 115

Early lymphopenia in burned children with and without the toxic shock syndrome
A. N. Brain, J. D. Frame and M. D. Eve 120

Comparison of wick and fibreoptic catheters in measurement of interstitial pressures in burned extremities
W. J. Dominic, T. O. Field Jr and J. F. Hansbrough 125

Case Reports

Burns and the toxic effects of a derivative of hydrazine — *C. H. Dhennin, L. Vesin and J. F. Feauveaux* — 130
The toxic shock syndrome in a burn victim — *W. C. Egan and W. R. Clark* — 135
Warfarin-induced skin necrosis: an entity occasionally requiring burn wound expertise — *W. Dominic, J. F. Hansbrough, T. O. Field Jr and W. B. Carroll* — 139
Full skin thickness burn injury of a knee joint in an 81-year-old patient — *H. Piza-Katzer, Th. Rath and R. Weinstabl* — 142

Burn Care in Practice

'Baby-walker' frames: a preventable factor in infant burns — *M. Meyer* — 145
Flame burns disasters from kerosene appliance explosions in Lagos, Nigeria — *A. O. Grange, A. O. Akinsulie and G. O. A. Sowemimo* — 147
Tangential excision of scalp burns. Experience from the Bradford fire disaster — *W. A. Dickson, D. T. Sharpe and A. H. N. Roberts* — 151
Surgical correction of burn scar contractures of the foot in children — *J. P. Waymack, J. Fidler and G. D. Warden* — 156
Letters to the Editor — 160
Book Reviews — 162
Recent References — 163
Abstracts — 166
Contents of INJURY — 169
Contents of the Journal of BURN CARE AND REHABILITATION — 170

Number 3

Scientific and Clinical Papers

Aeromedical transfer of burned patients: a review with special reference to European civilian practice — *K. C. Judkins* — 171
Rapid quantification of bacterial and fungal growth in burn wounds: biopsy homogenate Gram stain versus microbial culture results — *T. E. Taddonio, P. D. Thomson, M. J. Tait, J. E. Prasad and I. Feller* — 180
A study of the prevention of hot tapwater burns — *J. P. Murray* — 185
Epidemiology of burns in Kuwait — *R. L. Bang and K. M. Mosbah* — 194
Analysis of burn injury by digital stimulation — *L. M. Roa, T. Gomez-Cia and A. Cantero* — 201
Systemic effects of single hindlimb burn injury on skeletal muscle function and cyclic nucleotide levels in the murine model — *J. F. Tomera and J. Martyn* — 210

Case Reports

Aeromonas hydrophilia infection in burn patients — *G. F. Purdue and J. L. Hunt* — 220
Burn wound carcinoma: case report and review of the literature — *J. S. Abbas and J. E. Beecham* — 222
Unexplained blindness after a major burn — *C. S. Resch and W. G. Sullivan* — 225

Burn Care in Practice

Burns during pregnancy — *S. Srivastava and R. L. Bang* — 228
Burns during pregnancy: our experience — *P. Benmeir, A. Sagi, B. Greber, C. Bibi, D. Hauben, L. Rosenberg, Y Ben-Yaqar and D. Mahler* — 233
Childhood illness as an aetiological factor in burns — *G. R. Wilson, R. Buckland and L. Sully* — 237
The mesh skin graft—true expansion rate — *R. Peeters and A. Hubens* — 239
Tetanus following a burn injury — *S. M. Karyoute and I. Z. Badran* — 241
Thermal injury associated with infant walking-aids — *M. A. Birchall and H. P. Henderson* — 244
Abstracts — 248
Recent References — 250
Letters to the Editor — 254
Book Review — 255
Contents of the Journal of BURN CARE AND REHABILITATION — 256

Number 4

A.B. Wallace Memorial Lecture 1987
Computer simulation of fluid resuscitation in thermal injury — *G. Arturson* 257

J.E. Laing Prize 1988
Smoke inhalation — *J. Kinsella* 269

Scientific and Clinical Papers
Thermal injury-induced expression of acute-phase proteins in rat liver
L. Ševaljević, M. Glibetić, G. Poznanović, M. Petrović, S. Matić and D. Pantelić 280
Changes in erythrocyte membranes in burned rabbits — *C. Y. Sheng, Y. F. Lai, H. B. Wang and Y. Zhao* 287
Bone marrow granulopoietic response to scalds and wound infection in mice
W. H. Huang, J. Z. Wu, Z. X. Hu, S. Z. Feng, X. Y. Huang and Li Ao (Ngao) 292
A model to reproduce predictable full-thickness burns in an experimental animal
D. Kistler, B. Hafemann and K. Schmidt 297
Determinants of urinary nitrogen excretion in burned patients — *H. J. C. R. Belcher and K. C. Judkins* 303
Burns in adults in Zaria, Nigeria — *O. A. Mabogunje and J. H. Lawrie* 308
Effects of scalding injury on the components of rabbit paw lymph — *Y. Hiroto, S. Shimao and Y. Shimizu* 313

Case Reports
Induction of hyperthyroidism in burn patients treated topically with povidone–iodine
Th. Rath, G. Meissl and M. Weissel 320
Burn hazard from cupping—an ancient universal medication still in practice
A. Sagi, P. Ben-Meir and C. Bibi 323

Burn Care in Practice
Preliminary clinical studies of a biological skin equivalent in burned patients
D. Wassermann, M. Schlotterer, A. Toulon, C. Cazalet, M. Marien, B. Cherruau and P. Jaffray 326
Pain relief in burns—how we do it — *G. R. Wilson and P. Tomlinson* 331
Letters to the Editor 333
Recent References 334
Abstracts 338
Contents of INJURY 341
Contents of the Journal of BURN CARE AND REHABILITATION 342

Number 5

Scientific and Clinical Papers
Acetaminophen (paracetamol) in the management of burned children with fever — *C. Childs and R. A. Little* 343
Inhalation injury in burned patients: effects and treatment
D. N. Herndon, R. E. Barrow, H. A. Linares, R. L. Rutan, T. Prien, L. D. Traber and D. L. Traber 349
The pathophysiology of inhalation injury – a review *D. L. Traber, H. A. Linares, D. N. Herndon and T. Prien* 357
Changes in the rate of haemolysis during the early stage after burns in the rabbit
Y. Yuan, Z. Fang and Z. Zhang 365
β-Microglobulins and renal dysfunction in burned patients
A. Sanna, D. Barisoni, M. G. Graziani, G. Rigotti and S. Furlan 369
Quantitation of rate of wound closure and the prediction of death following major burns
C. E. H. Scott-Conner, E. Meydrech, W. E. Wheeler and J. A. Coil 373
Carnitine supplementation vs. medium-chain triglycerides in postburn nutritional support
O. Trocki, T. J. Heyd, J. W. Alexander, E. C. Robb, J. P. Waymack and P. Gura 379
The effects of vitamin E on immune regulation after thermal injury
M. Haberal, E. Hamaloğlu, S. Bora, G. Oner and N. Bilgin 338
The epidemiology of childhood burns in Jiamusi, China — *Z-X Zhu, H. Yang and F-Z Meng* 394

Burn Care in Practice
With or without? A cooling study — *N. S. G. Mercer* 397
Hypnosis and pain in patients with severe burns: a pilot study
A. J. W. Van der Does, R. Van Dyck and R. E. Spijker 399

Biosynthetic compound dressings—management of hand burns
D. J. Smith, T. P. McHugh, L. G. Phillips, M. C. Robson and J. P. Heggers 405
A comparison of Biobrane vs. homograft for coverage of contaminated burn wounds
S. Gonce, P. Miskell and J. P. Waymack 409
Clinical evaluation of the use of Op-site gloves for the treatment of partial thickness burns of the hand
J. Bache 413
The video invasion of rehabilitation *P. Adriaenssens, E. Eggermont, K. Pyck, W. Boeckx and B. Giles* 417
Recent References 420
Abstracts 424
Contents of the Journal of BURN CARE AND REHABILITATION 427

Clinical and Scientific

Changes in cellular immunity and nutritional status in mice after thermal injury
Guo C. J. and Gu C. F. 429
Difficulties and bonuses of evaluation: evaluating New Zealand's Children's Nightclothes Act 1987
J. Langley and E. McLoughlin 435
Effect of smoke inhalation injury on thromboxane levels and platelet counts
Huang Yuesheng, Li Ao (Ngao) and Yang Zongcheng 440
The elderly, disabled and handicapped adult burned through abuse and neglect
M. L. Bowden, S. T. Grant, B. Vogel and J. K. Prasad 447
Toxic compounds and inhalation injury—a review
T. Prien and D. L. Traber 451
Assault by burning and its relationship to social circumstances
M. L. Stone 461
A simple modification of the pin-prick test for the assessment of burn depth in children
S. P. Bajaj, D. V. Nield, R. Rayment and C. T. K. Khoo 468
Smoke inhalation
W. R. Clark and G. F. Nieman 473

Case Report

Skin injury following contact with a complex amine
A. Sagi, C. Bibi and P. Ben Meir 495

Burn Care in Practice

Routine burns bacteriology and Proteus
S. Parmar and J. C. Lawrence 497
Patient-controlled analgesia for burn patients: a preliminary report
W. H. Reid 500

Preventive measures for stress ulcers in burn patients
Th Rath, L. R. Walzer and G. Meissl 504
